“ Dear Family,

Please accept my sincere condolences on your loss. I know this is a very difficult time for you all.

I worked with David at the Mill for many years. I always found David such a pleasure to work with, extremely knowledgeable, easy-going and respectful. As an Engineering service provider, I would often get David's opinion/suggestions on how I could help improve his job and the products we made. David was one of the very best Papermakers I met in my 40 years in the industry.

I'm currently out of the country and can't attend tomorrow's visitation. However, please know I will be thinking of you all....and especially David, a man who I deeply respected.

Sincerely,
Steve Boucher
