“ Jr,

You weren't supposed to leave us. We had so many plans we were going to do, starting with the you passed away.

I still have so many things I need your help with. So many questions only you could answer. So many "arguments" we had left to have over whose hockey team was the best. We both know it was the Ducks.

I miss you more each day. I love you.

“ To my dearest son,

There aren't any words to say how much I love and miss you.

The four of us had such fun plans for the day you passed away.

My life will never be the same without you in it.

Your loving Mom
