“ Jane was so energetic and inseparable with Debbie. She would come across the street to her Nana's to visit and was such a sweet young lady. I can't believe the unfortunate event and now to know she is gone. My heart is broken for the family. All my love, Cathy

“ Jane I really don't know what to say. I loved you so much as a sister. You were always on the go. Couldn't keep up. It was fun being a family, everyone had a funny bone. When I think of you I smile, I will think of you often. Love you little sis!

“ To the Perkins family, know that I will be praying for you in this time. I haven't seen Janie in a lot of years. She turned into a beautiful woman. Even though I'm older, she was still a part of the "neighborhood" and we did do a lot of playing outside in those days. It's always hard to know what to say, so I guess just know that my thoughts and prayers are with you in this time.
