“ Not only did I know Jean from church many years but a neighbor for the last 5 years. She loved being around other people. Her love of God was very evident. Her family was important. I missed seeing her in the lobby these past months.

“ I remember Jean through Sandy Perry, a friend I worked with for many years. I always enjoyed Jean's feisty nature and her wonderful sense of humor. When she was around we were always laughing. All my sympathy and prayers to all the family. RIP, Jean, but I'll bet you've already got them laughing with you up there!
