“ So sorry to learn that my junior high school friend, Judy, has passed before we had a chance to reconnect after many years apart. Judy and I met and became close friends immediately in 7th grade at Westbrok Jr High School. During those early teenage years, she was my best friend and most of my happiest memories were with and because of her. We were separated before our junior year at Westbrook High when I moved to California, but remained pen pals over the years. After 30 years of not seeing each other, my husband & I went to Maine on vacation (approximate year 2000) and we enjoyed spending a few days together reminiscing over the wonderful memories we shared. She was very proud of her son, Frankie, and I wish to extend to him and his father, Frank, my condolences. May your memories of her be a blessing. Elaine Schneider Palmetto, FL
