

Martha Grant Plummer

October 28, 1943 - December 19, 2020

Our family gathered in the living room wondering what to write. How could we possibly sum up Nana's glorious 77 year life story into a single page so everyone knows how much we loved her? Well, here is our best shot.

Martha Grant Plummer, finished writing her book titled *Life*, surrounded by her loved ones, on December 19th, 2020. The first chapter started in October of 1943 in Portland, Maine. She was the daughter of Philip B and Lillian H Grant. Many years were spent hanging out with her older brothers Richard Grant and late brother Hamilton Grant. She graduated from Westbrook High School, where she made many lifelong friendships.

Her second chapter was spent raising a rambunctious, fun loving family of four children Karen (James) Zabenko, Kimberly (Brian) Welch, Grant (Sally) Plummer, and Andrew Plummer in Windham. One would say she is a saint for being able to raise these four into the wonderful people they have become. Her working days were spent at AAA and as a librarian at the high school and Town libraries. Many stories have been told of the family travelling in the old VW bus. Many summers were spent swimming in Sebago Lake, watching sunsets, eating coffee ice cream, camping at South Arm, and vacationing on Peak's Island. The winters were cherished with skiing, ice fishing, and snowmobiling.

The third chapter, her favorite, was spent watching her four children raise their families. The bundles of grandchildren include Tyler, Ryan, Dilon, Megan (Mark) Moreau, Nick, Elena, Michael, Grace, Leah, Sadie, Reid, and her great granddaughter Amelia. Her grandchildren made sure to keep her on her toes with graduations, soccer games, swim meets, track meets, marching band performances, basketball games, football games, sleepovers, driving lessons, and wing nights with the boys.

In her final short chapter, lung cancer was the antagonist. She made sure to make the most of it by continuing to swim in Sebago Lake, celebrating her granddaughter's wedding, dreaming of a pontoon boat, eating her fair share of Oreos, and enjoying her time to the fullest. Her memory lives on in her beloved children, grandchildren, and friends who will forever share her story. In lieu of flowers or donations, her family asks that you

make memories and smile with your loved ones. A celebration of life will be held in the summer of 2021.

“I want to thank you all for loving and supporting me.” Love you, Nana. 12/18/2020

“ Martha was a dear soul. We loved her here at Casco Village Church as she served as a Deacon and in many other ways too. I know she is now at peace in God's loving arms, but still it is a sadness to know she is gone. Love to her. Love to all of you,

“ I have known Martha since we were too young for school. I lived beside her for years until we moved up the street. I remember us going up the street as a three legged person and times when we put tin cans on our feet to make noise. When we were older a treasured the times I was invited to spend time at the lake with them. We lost touch for a while but were reunited years later.
I am so sorry for you loss.

“ To each of you

The love I had for Aunt Martha will live on forever in my heart. Her soft spoken voice often the voice of reason. Her laughter I will cherish and the time and help and love spent taking care of my mother during the end of her life will forever be cherished. Love to you all. May all your beautiful memories help ease some of your sorrow. Surround yourself with love.

Much love
